"To everyone?" .BUT OF COURSE he went down to Havnor South Port, in one of his father's carts driven by one of his father's carters, along with Master Hemlock. As a rule, people do what wizards advise them to do. And it is no small honor to be invited by a wizard to be his student or apprentice. Hemlock, who had won his staff on Roke, was used to having boys come to him begging to be tested and, if they had the gift for it, taught. He was a little curious about this boy whose cheerful good manners hid some reluctance or self-doubt. It was the father's idea, not the boy's, that he was gifted. That was unusual, though perhaps not so unusual among the wealthy as among common folk. At any rate he came with a very good prenticing fee paid beforehand in gold and ivory. If he had the makings of a wizard Hemlock would train him, and if he had, as Hemlock suspected, a mere childish flair, then he'd be sent home with what remained of his fee. Hemlock was an honest, upright, humorless, scholarly wizard with little interest in feelings or ideas. His gift was for names. "The art begins and ends in naming," he said, which indeed is true, although there may be a good deal between the beginning and the end.. "Were there any women there?" . "It's boring here," she continued after a moment. "Don't you think so? Shall we take off. Sleeping out on deck with the starlight on his face, he had a simple, vivid dream: it was daylight, clouds racing across a bright sky, and across the sea he saw the sunlit curve of a high green hill. He woke with the vision still clear in his mind, knowing he had seen it ten years before, in the spell-locked barracks room at the mines of Samory.. Women who work magic may practice periods of celibacy as well as fasting and other disciplines believed to purify and concentrate power; but most witches lead active sexual lives, having more freedom than most village women and less need to fear abuse. Many pledge "witch-troth" with another witch or an ordinary woman. They do not often marry men, and if they do, they are likely to choose a sorcerer.. "Sitting with old Ferny. Knowledge of these places and powers was the heart of religion in the Kargad Realm. In the Archipelago, the lore of the Old Powers was still part of the profound, common basis of thought and reverence. On all the islands, the arts mostly practiced by witches, such as midwifery, healing, animal husbandry, dousing, mining and metallurgy, planting and growing spells, love spells, and so on, often invoked or drew upon the Old Powers. But the learned wizards of Roke had generally come to distrust the ancient practices and made no appeal to the "Powers of the Mother." Only in Paln did wizards combine the two practices, in the arcane, esoteric, and reputedly dangerous Pelnish Lore..
