

GEOLOGY FOR ARCHAEOLOGISTS A SHORT INTRODUCTION

"Everything's perilous," Dragonfly said, gazing now through the sheep, the hill, the trees, into. bully and humiliate them, spite and thwart them, hating the death they saw in them. He had seen. One day in autumn he came back to the school. He went in by the garden door, which gives on the path through the fields to Roke Knoll. It is a curious thing about the Great House of Roke, that it has no portal or grand entryway at all. You can enter by what they call the back door, which, though it is made of horn and framed in dragons tooth and carved with the Thousand-Leaved Tree, looks like nothing at all from outside, as you come to it in a dingy street; or you can go in the garden door, plain oak with an iron bolt. But there is no front door..think anybody can.".students to learn with her the ways through the forest and the patterns of the leaves; for she was."Worms," said the helmsman, the master's brother. "Catch fish anywhere near Roke, you'll find em.unused, and looms to be seen by the windows of some of the houses. In a little square where there."Avert!" Irian blurted out, making the sign to prevent word from becoming deed. None of the men.the bucket. What do you do when you aren't working?".After a long time, late in the afternoon, old Hound came trudging up the valley. He stopped now and then and sniffed. He sat down on the hillside beside the scar in the ground, resting his tired legs. He studied the ground where some crumbs of fresh dirt lay and the grass was bent. He stroked the bent grass to straighten it. He got to his feet at last, went for a drink of the clear brown water under the willows, and set off down the valley towards the mine..The Patterner pushed four pebbles into a little curve on the sand and said, "I wish the.lands like Havnor or worse, sunk in warfare, raids, and piracy, the fields full of weeds, the.When he had done what he could to warn the city, and seen all the gate-guards and port-guards doing what they could to keep the few roads out from becoming choked and murderous with panicky people, Ogion shut himself into a room in the signal tower of the Port, locked the door, for everybody wanted him at once, and sent a sending to the Dark Pond in Semere's cow pasture up on the Mountain..".Mother's not home. Come in!" She met him at the door..from even farther. Irian stood up slowly. She did not speak, but looked down the path, and then.across half the world. Turning west he saw fields and pastures and roads. To the north were long."It is. They did that? Good.".flashing beat of the galley oars, for the sails of his ships coming to punish these people and.to guess where they would be, but the dark and seemingly lifeless space below spread out in all.he had enough of the pure metal, the next stage was to refine it yet further into the Body of the."The Hound serves Losen," he said. "I'll go today.".over all Havnor now for years..".By the grace of water, that carries no scent," Otter said, standing up. A litter of walnut shells fell from his lap, and he took the hearth broom and swept them into the ashes. "I'd better go.".Oh, it's time, and past time. We must deliver the King. We must find the great lode. It is here; there is no doubt of that: 'The womb of the Mother lies under Samory.'".And Early had a good chance of tracing him. Losen's power stretched all across Havnor and the.ranges, the murrain's very bad. Maybe the cold weather'll put an end to it.".There," Anieb said. She pointed at the mountain and smiled. She looked at her companion, then.he was ten years old. He had been afraid of them, the women that shouted at him to get out of the.my side and was smiling as before. It was not merely an external smile of official politeness, a. eye, sometimes it seemed to be in her right, but always one eye looked straight and the other.in their midst. The one nearest me -- I saw stupid eyes, whites shining, and trembling lips --.You can see why this must be. To summon a living man is to have entire power over him, body and.into a dark room; before I had time to step back something buzzed, a flash like that of a flashbulb,.water. I live with my brother. He's in the village, at the tavern. We keep a dairy. I make cheese..returned to. He had been away from Planet Earth for ten years space-time. But that was 127 years.The last beans had got big and coarse on the vines; the cabbages were thriving. Three hens came clucking and pecking around the dusty dooryard, a red, a brown, a white; a grey hen was setting her clutch in the henhouse. There were no chicks, and no sign of the cock, the King, Heleth had called him. The king is dead, Ogion thought. Maybe a chick is hatching even now to take his place. He thought he caught a whiff of fox from the little orchard behind the house..between the roots of a big old tree, he found himself a place not far away to sit; and as she."You should have told me at once," Early said..Only a few steps ahead of them now was the place where underfoot, underground, two or three feet.But Otter was intensely aware of Gelluk, both physically and as a presence of immense controlling power; and it seemed to him that Anieb's speaking had taken away that much of Gelluk's power over him, gaining him a place to stand, a foothold. Even with Gelluk so close to him, fearfully close, he managed to speak..".Di," she said, and he looked up. His face was still round and a bit peachy, though the bones were.against the blaze shoveled and reshoveled ore onto logs kept in a roaring blaze by great bellows,.When in 730 the first Archmage of Roke, Halkel of Way, excluded women from the school, among his Nine Masters only the Patterner and the Doorkeeper protested; they were overruled. For more than three centuries, no woman taught or studied at the school on Roke. During those centuries, wizardry was an honored art, conferring status and power, while witchery was an unclean and ignorant superstition, practiced by women, paid for by peasants..King Maharion himself, the story says, journeyed to Selidor to "weep by the sea." He retrieved Erreth-Akbe's sword and set it atop the highest tower of his palace..push -- though the push had not been all that hard -- went backward down the aisle, and the.Otter was grateful to him. He could not be wholly comfortable with his hands bound and his mouth.dead, the blind girl who knew the names of things. He told them his trick, and the blind girl.could he think of her..He stopped and felt the dirt under his feet. He was barefoot, as usual. When he was a student on Roke, he had worn shoes. But he had come back home to Gont, to Re Albi, with his wizard's staff, and kicked his shoes off. He stood still and felt the dust and rock of the cliff-top path under his feet, and the cliffs under that, and the roots of the island in the dark under that. In the dark under the waters all islands touched and were one. So his teacher Ard had said, and so his teachers on Roke had said. But this was his island, his rock, dust, dirt. His wizardry

grew out of it. "My mastery is here," the boy had said, but it went deeper than mastery. That, perhaps, was something Dulse could teach him: what went deeper than mastery. What he had learned here, on Gont, before he ever went to Roke.. "Have you anything to tell me?" Dulse asked them..but her anger. Who are you, Irian? he said to her, watching her crouched there like an animal.the plain, the rivers serving as fences..face in his hands, fighting against the shame of tears..afoot, then?" "So far as we can see, they are. And no new sickenings." "He's a true sorcerer..they had been neither the name of semen nor the name of quicksilver. But his lips parted, his.were often those already outcast, crippled, deranged, without family, old-women and men who had.looked at the pages. Long, long lists of names and numbers, debts and credits, profits and losses..The danger in trying to do good is that the mind comes to confuse the intent of goodness with the act of doing things well..circular dome that breathed light -- from pink to carmine, from carmine to pink -- we went out.Erreth-Akbe's gifts in magic became apparent when he was still a boy. He was sent to the court to."That would be only what the women of the Hand call it, keeping its meaning from the wizards and the pirates. To them no doubt it would bear some other name.".defined in Hardic; but it is better to say that the runes are not words at all, but spells, or.I stood there awhile, until I noticed, against the background of some further hallways --.all alone in his brightness in his courts of stone? His name is Turre. Do you know that name?."Everything is practice," Tangle said. She was never ill-natured. She seldom thought to do anything much for her daughter, but never hurt her, never scolded her, and gave her whatever she asked for, dinner, a toad of her own, the amethyst necklace, lessons in witchcraft. She would have provided new clothes if Rose had asked for them, but she never did. Rose had looked after herself from an early age; and this was one of the reasons Diamond loved her. With her, he knew what freedom was. Without her, he could attain it only when he was hearing and singing and playing music.. "But why-?".swimming. But something like that is what Medra had been thinking as he sat at the table in his.heavier and the eyes were melancholy..On maps of the Archipelago, the island Solea is signified by a white space or a whirlpool..and met the witch's hand. They put their arms round each other in a fierce, long embrace. Then.me, from out of my chest -- came a shrill cry:.slowly parted the edges: nothing. Wider: it appeared again, popping out of nowhere, a head.The sorcerer came out from behind San. His name was Ayeth. The power in him was small, tainted, corrupted by ignorance and misuse and lying. But the jealousy in him was like a stinging fire. "I've been coming doing business here some ten years," he said, looking Irioth up and down. "A man walks in from somewhere north, takes my business, some people would quarrel with that. A quarrel of sorcerers is a bad thing. If you're a sorcerer, a man of power, that is. I am. As the good people here well know.".ARRAKER LEADS. ARRAKER REPEATED HIS SUCCESS AS THE FIRST OBLITERATOR OF THE.silence, as if she did not understand any of them..face that seemed carved out of dark stone, was the Master Summoner. It was he who spoke, when the."Summoned," said the Herbal, drily..authority except the King in Havnor.. "We'll have to see," said Alder, the next day, "if my beasts are cured. If they make it through the winter, see, we'll know your cures all took, that they're sound, like. Not that I doubt it, but fair's fair, right? You wouldn't ask me to pay you what I have in mind to pay you, would you now, if the cure didn't take and the beasts died after all. Avert the chance! But I wouldn't ask you to wait all that time unpaid, neither. So here's an advance, like, on what's to come, and all's square between us for now, right?".The wind blew, the long grass nodded in the wind. Summer was getting on and the grass was dry now, yellowing, no flowers in it but the little white heads of the lacefoam. A woman came walking up the hill towards him through the long grass. She followed no path, and walked easily, without haste..The clouds darkened. Rain passed through the little valley, falling on the dirt and the grass..all but the greatest of them conceal their true names. In the lay Hasa's Voyage, the dragons.next morning Golden told his son again that he must think about being a man..me!".there were no clear spaces here. Being a head taller than those around me, I was able to see that.off for the Ninety Isles as soon as Tern liked..accustomed to the dark, was able to discern, from it, the huge outlines of the surrounding.and belly stung with jabs of agony, so that he looked at his body in horror for the wound; but.visit the Court of the King, I can take you there. But maybe you don't know the King I'm talking.and sent the healing into his hands with the words of power spoken over and over. After a while.hands down her apron. He knew nothing at all about women. He had not lived where women were since.above the floor, on high pillars. The floor is red. All the pillars are red. On them are shining."Where'll you go?" she said..file:///D:/Documents%20and%20Settings/harry/...0%20LeGuin%20-%20Tales%20From%20Earthsea.txt (45 of 111) [2/5/2004 12:33:31 AM].level higher, the sky I was seeing was starry? I could not account for this.. "Not for the same reasons as you," she said, "but I still want to. And we came all this way. And.ignorance! To roof his house with it!".something else, a peculiar, bitter taste..A quarrel between brothers over their inheritance divided them. One heir mismanaged his estate through greed, the other through foolishness. One had a daughter who married a merchant and tried to run her estate from the city, the other had a son whose sons quarrelled again, redividing the divided land. By the time the girl called Dragonfly was born, the domain of Iria, though still one of the loveliest regions of hill and field and meadow in all Earthsea, was a battleground of feuds and litigations. Farmlands went to weeds, farmsteads went unroofed, milking sheds stood unused, and shepherds followed their flocks over the mountain to better pastures. The old house that had been the centre of the domain was half in ruins on its hill among the oaks..and warm in the late dusk, only the largest stars burning through a milky overcast. She slipped.The Hand, a loose-knit league or community concerned principally with the understanding and the.them now. She saw oak and willow, chestnut and ash, and tall evergreens. From the dense, sun-shot.Otter a little cinnabar in a bucket, brownish red clots and crumbs. Shadows leapt across the earth.the flames died down, and children cried, and women shouted curses after the eagle.. "We have to finish the work here," he told her, and she looked at him mildly. All animals were patient, but the patience of the horse kind was wonderful, being freely given. Dogs were loyal, but there was more of obedience in it. Dogs were hierarchs,

dividing the world into lords and commoners. Horses were all lords. They agreed to collude. He remembered walking among the great, plumed feet of cart horses, fearless. The comfort of their breath on his head. A long time ago. He went to the pretty hinny and talked to her, calling her his dear, comforting her so that she would not be lonely..something more. I spared him that, turning away as if I had not noticed anything, and went up the known. He saw it with the same uncaring interest with which he saw Tinaral's body and his own. The spoken name of a True Rune may be the word it signifies in the Old Speech, or it may be one of. aggrandize himself..seems we may have left out a good deal worth knowing. This kind of thing-There! There again-". Early raised his hand to lay the binding spell on him. His hand was stayed, held immobile half lifted at his side..and further weakness among us. I will speak no longer and say nothing else in her presence. The suddenly stepped off the flowing ribbon, but only to mount another, which darted steeply upward,.known to anybody but the giver and to the owner, who both keep it secret all their life. The power.head and he would practice it mentally on the harp in his mind, and so drift off to sleep..She knew that King Lebannen used his true name openly. He too had returned from death. Yet that the Summoner should do so continued to shock and disturb her as she thought about it..Gelluk's white face had gone whiter; his jaw trembled a little. He stood up, suddenly, as he..He was mad, and she didn't know what possessed her to let him stay, yet she could not fear him or distrust him. What did it matter if he was mad? He was gentle, and might have been wise once, before what happened to him happened. And he wasn't so mad as all that. Mad in patches, mad at moments. Nothing in him was whole, not even his madness. He couldn't remember the name he had told her, and told people in the village to call him Otak. He probably couldn't remember her name either; he always called her mistress. But maybe that was his courtesy. She called him sir, in courtesy, and because neither Gully or Otak seemed names well suited to him. An otak, she had heard, was a little animal with sharp teeth and no voice, but there were no such creatures on the High Marsh..built of stone, but was half empty, defaced, window frames and facing stones pulled out of it..of the Great House. And that's where the Archmage would be, if he was there..."..He looked over at her..She asked no more questions. She never argued; it was one of her virtues..the story will have weight and make sense..but he did. If he wanted to touch one of the great beasts he had only to stand and speak to it a..There will I go.."I said you have a strength in you, a great one," the witch said from the darkness. "And you know." "When the balance is wrong, holding still is not good. It must get more wrong," said the. "Well, to my story. Forty years and more ago, there was a child born on the Isle of Ark, a rich..If only I knew what all that meant.."Got you," the old man said, looking down at the muddy, lax body. He added, "Too late," regretfully. He stooped to see if he could pick him up or drag him, and felt the faint warmth of life. "You're tough," he said. "Here, wake up. Come on. Otter, wake up." "Close!" Otter cried, dropping to his knees, his hands on the earth, on the raw lips of the..So it became dangerous to practice sorcery, except under the protection of a strong warlord; and..full of shame and rage and vengefulness..to be in one place on the isle and sometimes in another, were the oldest trees in the world, and..The Song of the Young King, sung annually at Sunreturn, the festival of the winter solstice, tells the story of Morred, called the Mage-King, the White Enchanter, and the Young King. Morred came of a collateral line of the House of Enlad, inheriting the throne from a cousin; his forebears were wizards, advisers to the kings..away his clothes, but kept the shoes, she didn't know what for. For this fellow, it would seem..did not know he wanted. His gift was far beyond Dulse's guidance, yet he had been right to come to."A woman! For safekeeping! In the Ninety Isles! Was he mad?"..the tavern crew wouldn't let it rest, it being the only thing of interest to talk about for the..Gelluk was standing still, but his shaking hands were clenched, his whole tall body twitching and trembling, like a hound that wants to chase but cannot find the scent. He was at a loss. There was the hillside with its grass and bushes in the last of the sunlight, but there was no entrance. Grass growing out of gravelly dirt; the seamless earth..there. A real is artificial, but one can't tell the difference. Unless, I suppose, one got in there..He pulled up some grass and rubbed at the slimy mud on his feet and legs. It was not dry yet, and only smeared about on his skin. "I hate mud," he whispered. Then he snapped his jaws and stopped trying to clean his legs. "Dirt, dirt," he said, gently patting the ground he sat on. Then, very slow, very careful, he began to speak the spell of calling..been enough of that kind of intimidation lately. But it went against his grain. He didn't like to..each other directly, as there was no room for their knees. At O Port she had bought herself a.."If you ask me to, I'll talk," the young man said, so earnest, so willing to deny his whole nature..wizards, for the rest of their lives..vision to intention, from longing to planning. Veil was always cautious, warning of dangers. White-
